

Centre name : Julius Kuehn Institute (JKI) / Institute for Plant Protection in Horticulture and Forests

City : Braunschweig

Country: Germany

Telephone: +49 531 299 4400

Website: www.jki.bund.de

Facebook page: -

Name of the contact person: Martin Hommes

Position: Head of Institute

Email:

martin.hommes@jki.bund.de

The research programmes of your centre

Specie : Development of IPM strategies against insect pests of Cruciferous vegetable crops

Person of contact for this programme : Martin Hommes

Email : martin.hommes@jki.bund.de

Vegetal material	Technical itinerary	Integrated protection	Agrobiology	Other subjects
Cruciferous vegetables	Open field	Thresholds, biologicals, natural enemies, models		

Specie : Development of IPM strategies against insect pests of carrots

Person of contact for this programme : Martin Hommes

Email : martin.hommes@jki.bund.de

Vegetal material	Technical itinerary	Integrated protection	Agrobiology	Other subjects
Carrots	Open field	Thresholds, biologicals, natural enemies, models		

Specie : Development of IPM strategies against thrips and leafminers on leek

Person of contact for this programme : Martin Hommes

Email : martin.hommes@jki.bund.de

Vegetal material	Technical itinerary	Integrated protection	Agrobiology	Other subjects
leek	Open field	Thresholds, biologicals, strategies to avoid resistance		

Specie : Development of IPM strategies against asparagus fly

Person of contact for this programme : Martin Hommes

Email : martin.hommes@jki.bund.de

Vegetal material	Technical itinerary	Integrated protection	Agrobiology	Other subjects
asparagus	Open field	Thresholds, supervised control, models		

Specie : Development of IPM strategies against insect pests on fruit vegetables

Person of contact for this programme : Martin Hommes

Email : martin.hommes@jki.bund.de

Vegetal material	Technical itinerary	Integrated protection	Agrobiology	Other subjects
Tomato, cucumber, sweet pepper	Greenhouse	Biologicals, natural enemies, models		

Specie : Development of IPM strategies against downy mildew

Person of contact for this programme : Ute Gärber

Email : ute.gaerber@jki.bund.de

Vegetal material	Technical itinerary	Integrated protection	Agrobiology	Other subjects
Lettuce	Field	Cultivation-technical measures, botanicals , disease resistance		

Specie : Development of IPM strategies against *Fusarium* diseases on onions

Person of contact for this programme : : Ute Gärber

Email : ute.gaerber@jki.bund.de

Vegetal material	Technical itinerary	Integrated protection	Agrobiology	Other subjects
Onion	Field	Seed treatment, crop rotation		

Current partnership with other research centres (national or international)

Specie : Actual no official founded projects exist. There will be loose partnerships to several national and international research centres

Nature of the project:

Length of the project:

Partner names and countries :

Are you searching for more European partnerships with other research centres?

On what species :

All kind of vegetable crops

What kind of projects are you searching for:

Applied research to improve IPM for conventional growers and organic production

What kind of partners are you searching for? From which countries?

Any countries with same growing and climate conditions
